

I can quite understand your longing for a good rest but I glad you are back in our good old church for the present where I know you were heartily welcomed again. If GOD will, we will meet again in not too long a time. Wishing you further good health and Happiness in your wonderful mission. With the best regards from us all Yours always devotedly family

My dear Pastor and friend, Dear Dr. Spencer, Your very kind letter from Hot Springs arrived here in very good time and gave me a most pleasurable surprise, especially as but very few letters reach their destination nowadays. From my family I had'nt a written line in four months, happily one reached me a few days ago from my sister and you can imagine how happy we were. My grandchild still expects to leave for the states some time this year and also Edna expected to go but now she is sor to leave me as I have been quite ill since a few months besides having sprained a sinew in my left leg, I am still not on my feet and rather helpless. So I am afraid I shall not get back to the states until the strife is over. Otherwise we are getting along nicely and have not much to complain about. We thank you for your prayers and blessings and feel that with the LORDS help we will come through all difficulties that may arrise.
